

**Exit Ticket - Circumference and Area of a Circle**

*Find the circumference and area of each circle. Round to the nearest tenth.*

1

$$\overline{AB} = 9.2 \text{ cm}$$
$$\pi = 3.14$$

2

$$\overline{AB} = 7.51 \text{ yd}$$
$$\pi = 3.14$$

**Exit Ticket - Circumference and Area of a Circle**  
**Answer Section**

- 1**  $C = 28.9 \text{ cm}$   
 $A = 66.4 \text{ cm}^2$
- 2**  $C = 47.2 \text{ yd}$   
 $A = 177.1 \text{ yd}^2$
